## ABOUT ME

I'm a Full-Stack Developer from Ghaziabad, India, currently pursuing a B.Tech in Computer Science and Engineering. Alongside my studies, I work as a part-time freelancer, building scalable, user-friendly applications that merge functionality with elegant design.

## ADDRESS

Cgewho Kendriya Vihar, Pocket P-4, Phi II, Greater Noida, Uttar Pradesh

## EDUCATION

### SHARDA UNIVERSITY (2022-26)

I am currently in my Final year, 7th semester pursuing a degree in Computer Science Engineering from Sharda University.

### SENIOR SECONDARY  (2018-20)
I completed my senior secondary education in science (PCM) from Patna Muslim High School.

## EXPERENCE

**Frontend Developer   noDevBuild / Unifined – Remote   Jun 2025**
- Developed and maintained responsive, high-performance web interfaces using Next.js, React.js, and modern JavaScript (ES6+).
- Collaborated with cross-functional teams to design and implement UI components for Unifined, an AI-powered study assistant platform.
- Integrated APIs and optimized frontend performance, improving load times and user experience across devices.
- Applied best practices in state management, component reusability, and code versioning (Git) to ensure scalable, maintainable codebases.
- Worked in an agile environment, participating in sprint planning, code reviews, and feature deployments.
- Leveraged GraphQL and other modern frontend tools to streamline data fetching and enhance application efficiency.

**Key Skills: Next.js, React.js, JavaScript (ES6+), GraphQL, Tailwind CSS, Responsive Design, Git, Agile Development**

## COURSEWORK

Data Structure and Algorithm,
web development

## INTERESTS

I am passionate about fostering an open-source community that is driven by the love of creating immersive experiences.
